How to Determine Your Tier

Tier A

Full Fee / Sustainer Rate

You are comfortably able to meet your basic needs (housing, food, childcare). You have savings, disposable income, and the ability to pay for extracurriculars or private services without financial strain.

Paying the standard rate directly subsidizes our ability to offer developmental support to families facing systemic or financial barriers in our community.

Tier B

25% Discount / Supported Rate

You meet your basic needs but have little to no disposable income. Paying the full fee would cause temporary financial stress or require you to sacrifice other important family needs.

Self-certification form must be completed and signed prior to invoice being issued to qualify for Tier B. Payment contract is also required prior to services being provided if opting in to a payment plan.

Tier C

50% Discount / Community Equity Rate

You frequently stress about meeting basic needs. You may qualify for public assistance (SNAP, WIC, Medicaid) or have experienced sudden job/financial insecurity.

Self-certification form including relevant circumstance code must be completed and signed prior to invoice being issued to qualify for Tier C. Payment contract is also required prior to services being provided if opting in to a payment plan.

Availability Note

To maintain business sustainability, we allocate two Tier C slots per quarter. If slots are currently full, families will be placed on a prioritized waitlist and notified as soon as a slot is available to them.

Equitable Access Sliding Scale Self-Certification Form

Please complete and sign this form to select your sliding scale tier. For Tiers B and C, this form must be submitted and approved before we issue your invoice. If you choose to use a payment plan, a separate payment contract must also be signed before services begin.
