

FAMILY SUPPORT PACKAGES

Developmental Screening, Referral
Support, Coaching & Consultation Services

RESPONSIVE PATHWAYS LLC

Every child. Every path. Every potential.

The "Developmental Check-In"

Best for: Families looking for an affordable, bite-sized option to gain immediate professional clarity and actionable home resources without a long-term contract.

Investment

\$95 (Flat Fee). If a family determines during this process that they are in need of a more comprehensive package, the flat fee will be credited towards Referral Support packages if the upgraded Pathway is accessed within 90 days of the initial screening tool being completed.

Session Frequency & Length

Intro Call: 15 minute initial phone call to discuss process and expectations.

Independent Work: Family completes carefully selected screening questionnaires before the live session. Screening tools will be focused on overall development. Up to two screening tools are included at this level. This may include interpretation of family and educator responses to the same screening tool, or two separate screening tools completed by the family.

Live Session: 1 x 45-minute Targeted Consultation (Virtual).

What Is Included?

- Prompt digital access to age-appropriate developmental screening tools.
- A verbal interpretation of screening scores during the session, scheduled within 7 business days of completion of the screening tools.
- A post-session brief summary report with basic resources to promote at-home monitoring of developmental milestones.

Do I Need A More Supportive Pathway?

If screening indicates development is currently on track and you are comfortable monitoring ongoing development at home using basic resources, the "Developmental Check-In" may meet your needs. If you have specific concerns, if your child's educational program shares your concerns, or if you are interested in ongoing support for referrals, additional screening, or a deeper look at your child's development-you may want to consider a higher level of support.

The "Peace of Mind" Starter

Best for: Families with specific concerns who want to ensure their child is meeting age-appropriate milestones or want additional feedback on supporting their child's ongoing development.

Investment

\$250 (Flat Fee)

Session Frequency & Length

Intro Call: 15 minute initial phone call to discuss process and expectations.

Live Session 1: 1 x 45-minute Initial Intake Consultation (Virtual or In-Person)

Independent Work: Family completes carefully selected screening questionnaires.

Live Session 2: 1 x 60-minute Family-Centered Results Review & Feedback Session (Virtual or In-Person)

What Is Included?

- Prompt digital access to age-appropriate developmental screening tools.
- A verbal interpretation of screening scores during the session, scheduled within 7 business days of completion of the screening tools. Includes targeted strategies to promote healthy development at home and basic referral information.
- Written summary report of screening results, targeted strategies shared during the Results Review & Feedback Session, and basic information about community programs for self-referral as appropriate.

Do I Need A More Supportive Pathway?

If you are comfortable and confident navigating ongoing monitoring of developmental milestones and/or self-referral to community programs, the "Peace of Mind Starter" may meet your needs. If your child's educational program shares your concerns, if you are interested in access to ongoing support with developmental monitoring, or if you need guidance through the referral process-you may want to consider a higher level of support.

The "Guided Path" Screening & Referral Bundle

Best for: Families who suspect a delay and want expert help navigating community systems.

Investment

\$400 (Payment Plans Available)

Session Frequency & Length

Intro Call and **Live Intake Consultation** (Virtual or In-Person) as listed in Pathway 1

Live Session 2: 1 x 60-minute In-Context Child Observation (In-person at home or childcare center).

Guided Work: Family completes carefully selected screening questionnaires with access to expert support to navigate terminology, or completes interview-style.

Live Session 3: 1 x 90-minute Results & Systems Navigation Meeting (Virtual or In-Person) to review results, discuss targeted strategies, and map out personalized referrals.

Touchpoints: 2 x 30-minute Follow-Up Check-ins by phone or email (scheduled at 30 and 60 days post-referral) to assist with paperwork/eligibility clarification and additional referral needs.

What Is Included?

- Prompt digital access to age-appropriate developmental screening tools.
- A verbal interpretation of screening scores during the session, scheduled within 7 business days of completion of the screening tools, including targeted strategies to promote healthy development at home and personalized referral information.
- Comprehensive written summary report of screening results, child observations, and targeted strategies shared during the Results & Systems Navigation Meeting.
- Personalized Referral Recommendations Checklist detailing relevant referral options, also reviewed during the Results & Systems Navigation Meeting.
- Touchpoints phone calls/emails with follow-up action summaries to promote success with referral process.

Caregiver Coaching Packages

Some components of these packages are available for individual scheduling and pricing.
These services are most effective after developmental factors have been identified.

Option A: The "Strategy Quick-Start" Bundle

Best for: Families who have one or two specific daily challenges (e.g., bedtime routines, transition friction) and need immediate, practical strategies to try.

Investment

\$400 (Payment Plans Available)

Session Frequency & Length

**beginning after screening, referral support, and child observation are complete*

Week 1: 1 x 45-minute Collaborative Goal Setting session (based on intake and initial observation).

Week 2: 1 x 60-minute Strategy Introduction Session (real-time strategy introduction or demonstration in the home or virtual environment, when appropriate).

Week 3: 1 x 45-minute Reflective Follow-Up to evaluate implementation and tweak the strategy.

What Is Included?

Collaborative Goal Roadmap, custom Strategy Implementation Cards, developmental milestone monitoring resources, tailored Pathway Action Summary

Option B: The "Implementation Intensive" Bundle

Best for: Families navigating complex daily routines or multiple developmental areas who want to master responsive parenting strategies through repeated active feedback opportunities.

Investment

\$550 (Payment Plans Available)

Session Frequency & Length

Week 1: 1 x 45-minute Collaborative Goal Setting & baseline planning session.

Weeks 2-4: 3 x 60-minute Weekly In-Home/Virtual Coaching Cycles (observation, strategy introduction, guided practice, and feedback).

Weeks 5-6: 2 x 45-minute Bi-weekly Reflective Debriefs to review progress, celebrate wins, and anchor the new skills.

What Is Included?

Collaborative Goal Roadmap, custom Strategy Implementation Cards, developmental milestone monitoring resources, Brilliant Beginning Family Growth Portfolio

Reflective Consultation Packages

These services are most effective when developmental factors have already been identified.

Option A: The "Responsive Foundation" Bundle

Best for: Caregivers desiring a holistic look at how their child grows and learns, focusing heavily on secure attachments, emotional bonds, and routines-based strategies.

Investment

\$650 (Payment Plans Available)

Session Frequency & Length

Sessions 1 & 2: 2 x 60-minute Reflective Consultation sessions focused on analyzing the caregiver-child relationship and mapping responsive, secure interactions.

Sessions 3 & 4: 2 x 60-minute Environmental & Context Consultation sessions analyzing how physical space, home routines, and the social-emotional climate act as influential factors in the child's development.

What Is Included?

Custom Home Environment & Routine Guide tailored to your family's unique dynamics, Brilliant Beginning Family Growth Portfolio and 8 weeks of priority email support.

Option B: The "Capacity-Building Compass" Bundle

Best for: Caregivers facing complex challenges or barriers to progress who want a sustained reflective partnership to build permanent parenting capacity, confidence, and problem-solving skills.

Investment

\$750 (Payment Plans Available)

Session Frequency & Length

Sessions 1-3: 3 x 60-minute Relationship & Context Mapping sessions (unraveling relational patterns, child-caregiver dynamics, and environmental influences).

Sessions 4-5: 2 x 60-minute Capacity & Barrier Exploration sessions (identifying and working through systemic, historical, or situational factors that impact your success in reaching family goals).

Session 6: 1 x 60-minute Collaborative Plan Review & Caregiver Self-Reflection wrap-up.

What Is Included?

Custom Home Environment & Routine Guide, Long-term Capacity Compass, customized Barrier-Resolution Plans, Brilliant Beginning Family Growth Portfolio, and 9 weeks of priority email support.
